Denise:

On Monday, I'll need your help in getting this entered to get a PO set up; in parallel, I'll need your help in getting the shipment sent from Precon to the wholesaler by 10/6.

Hopefully I'll have all of the remaining bits and pieces in place by then.

Thanks,
Valerie

Dennis:

Thank you for sending this. One additional thing I will need from you is a confirmation of your remittance address so that we can get you set up for payment in the system here. Please send that and I'll get to work on getting the PO set up.

I'll let you know if I need any further documentation.

Thanks,
Valerie

Here is the supporting documentation you need to generate a PO.

Thank You
